It's in your voice
I could feel it, I could tell
It's in your voice
Has me ringing like a bell
Peace of mind, peace constructing slow
I'm in the mind to let go of control

Spirit, come on down
No, I'm not coming down

In the backstreets
In the backstreets of our love
Through the locked doors
Through down deep down
Is not enough

Spirit, come on down
No, I'm not coming down

Who could stop us now
It's much too late
Who can slow us down
We can't hesitate
I want a love that's hard
As hard as hate
Levitate

To be the bee
To be the bee and the flower
Before the sweetness
Before the sweetness turns to sour
When freedom comes
Freedom has a scent
It's like the top of a newborn baby's head
Maybe we can taste it
You and I

Spirit, come on down
No, I'm not coming down

Who could stop us now

Who could make us wait
Who could slow us down
Make us hesitate
I want a love that's hard
As hard as hate
Levitate

Lift me up

Spirit, come, come on down
No, I'm not coming down
Spirit, come on down
No, I'm not coming down
Spirit, come on down
No, I'm not coming down
