"Take Today"

Love…
Change by
On a though, love

Anytime you want
Any time I want

For time…and you turn on
Carnival…carnival…

Round to take a love
Sometimes you…
And you know, and you know
It's gonna be alright

No one's gonna tell
No one's gonna tell in love
Every summer, every summer's
Gonna be alright

I came by
At July
It come by
I come by

By…you came by
Give on by…walk on by…
Walk on by…walk on by…
Walk on by…walk on by…

You can always leave tomorrow
You can always take tomorrow
If you want to take tomorrow
Then you've got to take today

If you want to take tomorrow
Then you've got to take today
If you want to--
Got to…seize today

If you want to take tomorrow

Then you've got to take today
If you want to take tomorrow
Then you've got to take today

If you want to take tomorrow
Then you've got to take today
If you want to take tomorrow
Then you've got to take today

If you want to take tomorrow
Then you've got to take today
