She smokes  
She got to get soaked  
The new kids say  
Want you girl

Bono: "Give us a call there."

Wake up...  
Better wake up dead man  
Better find a new plan  
Better wake up dead man

You got to give so  
Get by on the booze  
Say all you gotta know  
Get rocked, and baby  
Disco in a hall  
It's a generation come back  
Now that you got it

You better wake up  
Better wake up dead man  
Better find a new plan  
Better wake up dead man

You better wake up  
Better wake up dead man  
Gotta find a new plan  
Better wake up dead man

Wake up, wake up, wake up

She's got soul  
She's blurry in the eyes  
Got which days baby  
Cut you to the eyes  
Get sick with the hip  
Get the right slip  
If you want to, here she comes  
Here she comes

Better wake up  
Better wake up dead man  
Better find a new plan  
Better wake up dead man

What does it feel like when you hear it's full of soul  
You kicking it farther, you dunk your body low  
Why does it feel like you should know  
The lights in the clouds and in your eyes  
Round, round, round

You better wake up  
Better wake up dead man  
Better find a new plan  
Better wake up dead man

You better wake up  
Better wake up dead man  
Better find a new plan  
Better wake up dead man

Wake up, wake up, wake up, wake up  
Wake up, wake up, wake up, wake up  
Wake up, wake up, wake up, wake up

Sugar, sugar, sugar

You better wake up  
Better wake up dead man  
Better find a new plan  
Better wake up dead man

You better wake up  
Better wake up dead man  
Better find a new plan  
Better wake up dead man

You better wake up  
Wake up dead man  
It's in the new plan

(This is my baby, so why don't you leave me)

Check it out, check it out, check it out  
[Repeat 11 times]

You better wake up  
Better wake up dead man  
Gotta find a new plan  
Better wake up dead man

You better wake up  
Better wake up dead man  
'Cause there's something in your hand  
Better wake up dead man

You better wake up  
Better wake up dead man  
We took a new plan  
Better wake up dead man
