The shackles are undone
The bullets quit the gun
The heat that's in the sun
Will keep us when there's none

The rule has been disproved
The stone has been moved
The grain is now a groove
All debts are removed, ooh

Oh can't you see what our love has done
Oh can't you see what our love has done
Oh can't you see what our love has done
What it's doing to me

Love makes strange enemies
Makes love when love may please
Soul in a strip tease
Hate brought to its knees

Sky over our head
Can reach it from our bed
If you let me in your heart
And out of my head

Oh can't you see what our love has done
Oh can't you see what our love has done
Oh can't you see what our love has done
What it's doing to me

Oh oh oh hhhhhhhhhhh
Oh oh oh hhhhhhhhhhh
Please don't ever let me out of here

I've got no shame
Oh no oh no

Oh can't you see what love has done
Oh can't you see
Oh can't you see what love has done
What it's doing to me

Oh I know I hurt you and I made you cry
Did everything but murder but you and I
But love left a window in the skies
And to love I rhapsodize

Oh can't you see what love has done to every broken
heart
Oh can't you see what love has done for every heart
that cries
Love left a window in the skies
And to love I rhapsodize

Oh can't you see
