You say times are tough  
We've got the best of both worlds here  
Things are rough  
We've got the best of both worlds here  
Times are tough  
We've got the best of both worlds

You say times are tough  
We've got the best of both worlds here  
And I know things are rough  
We've got the best of both worlds here  
Times are tough  
We've got the best of both worlds

The real world is not as calm as it appears to be from  
here  
The real world is not as calm as it appears to be from  
here  
The old world is not as safe with the new world closing  
in  
The great south land can be as great as the one it  
could have been  
The one it could have been, the one it could have been

The real world is not as calm as it appears to be from  
here  
The small world is not as safe and the testing time is  
near  
The old world is not as calm with the new world closing  
in  
The great south land can be as great as the one it  
could have been  
The one it could have been, the one it could have been  
The one it could have been

You say times are tough  
We've got the best of both worlds here  
Things are rough  
We've got the best of both worlds here  
Times are tough  
We've got the best of both worlds  
And I know things are rough

We've got the best of both worlds

We've got the best of both worlds here

We've got the best of both worlds

The best of both worlds here

We've got, we've got the best, we've got the best

We've got the best of both worlds, oh yeah
