Visit "[E - Beat](#)" on [MotoLyrics.com](#)

There is a place we're coming to  
It is not green it is not blue  
I hope that you understand

The devil was a dancing on the old foreshore  
Hitting up on bright lights and the liquor stores  
Save me, please save me

We got to prick that bubble in the shopping arcade  
Gonna make amends for the things we've said  
I do hope that you understand

Dirty washing on the line, footsteps in the sand  
Whose gonna lead us on to some promised land  
Save me

The devil was a dancing on the old foreshore  
Hitting up on bright lights and the liquor stores  
Yeah tell me, please save me

The land lives longer if we listen to the earth beat  
Lives go forward if we listen to the hearts speak  
Seasons won't falter, stars won't fade away  
I know

Gonna find myself a place in the country  
Wake up and reach out and breathe real air  
Do you know how it feels clean tissue no scars

Dirty washing on the line, footsteps in the sand  
Whose gonna lead us onto some kind of promised land  
Save me

Devil was a dancing on the old foreshore  
Hitting up on bright lights and the cut price the liquor  
stores  
I say

The land lives longer if we listen to our hearts speak  
Lives go forward if we listen to the earth beat  
Seasons won't falter, stars won't fade away  
Fade away

They won't fade away
