I'm head over heels
You know how it feels to be in love
I'm head over heels
Holding back the chills of love
I think I like the sound we're chasing
I'm giving it all and you're reciprocating

I'm head over heels
Turning back the wheels in love
We're stealing the show
You're stealing my money and love
You're all the same, you part-time lovers
When it starts to rain
Your hiding under those covers

It just don't add up
This summer fever
She turns the truth and I don't believe her
Love is dying, stories flying
In the end I can't understand her lying

I'm head over heels in love
I think I like the sound we're chasing
