Look at all the toys I got
Look at all the things I need
Hey, look at all the toys I got
Look at all the mouths I feed

Have I got a wonderful deal for you
What belongs to me, belongs to you
I understand what you're going through
I know the point to push you to

My policy helps me, helps you
Generosity helps me, helps you
Conspiracy helps me, helps you
Put your trust in me, I'll help you too

Look at all the things I've done
Look at all the rights I wrong
The means will justify the end
For you to save and me to spend

'Cause I've got a great idea you see
What belongs to you, belongs to me, yeah
I know just what you wanna do
I know how I can get there too
I'll take that

My policy helps me, helps you
Generosity helps me, helps you
Conspiracy helps me, helps you
Put your trust in me, I'll help you too
I'll help you too, I'll help you

My policy helps me, helps you
Generosity helps me, helps you
Conspiracy helps me, helps you
Put your trust in me, I'll help you too

Hypocrisy helps me, helps you
Democracy helps me, helps you
Ideology helps me, helps you
Put your trust in me, I'll help you through
I'll help you
