Sorry I am for the hurt I caused  
Grieving I still do over careless words  
As I move freely to a place  
The debris I left behind comes back into my day

Out of time disconnected  
Plagued by senses sweet desire  
Out of time, out of time deluded  
I plunged my hand into the mother load of love

In the rain calling out his name  
I call, yes I call  
In the rain falls on my shame it falls  
Yes it falls in the rain

Life picked me up this morning and thrust me to the  
world  
Like a child I'm hurtled forward  
Dreaming things anew, sights I see sound true  
All the places, open faces gracing everything I view

In the rain falls on my shame  
I call, yes I call  
In the rain falling on my shame  
I call, yes, I call  
In the rain calling out his name  
I fall, yes I fall, in the rain, oh, in the rain
