There's no highway to Luritja way
I listen, I listen for it now
There's no turnoff to Luritja way
One moment, one moment for me please

I'm reaching out for you across a thousand years
I'm reaching out for you, ooh yeah, yeah

Joining the dots at Luritja way
There is something, something's hanging in the breeze
Empty spaces at Luritja way
No richer, one picture of discontent

I'm reaching out for you in a valley full of tears
I'm reaching out for you

And I don't want to go home
Gasoline junkies dance stoned
It's better than drinking alone

Oh guiding light, you will shine, you'll pick me up
You'll hold me up
Oh guiding light, you will shine
You will shine on me in eternity

Love is bought and sold
Wobbegong tooth of gold
No one gets to get old

'Cause I'm reaching out for you, yes, I'm reaching out
for you
'Cause I still believe, I still believe, yes, I still believe in
you
Well, I still believe, yes, I still believe
Well, I still believe in you
