Was it just a dream? Were you so confused?
Was it just a giant leap of logic?
Was it the time of year, that makes a state of fear?
Methods were the motives for the action

And did I hear you say

My country right or wrong
My country right or wrong
My country right or wrong

Did you save your face? Did you breach your faith?
Women, there were children at the shelter
Now who can stop the hail when human senses fail
There was never any warning, no escape

And did I hear you say

My country right or wrong
My country, oh so strong
My country right or wrong

My country right or wrong
My country's going wrong
My country right or wrong

I hear you say the truth must take a beating
The flag a camouflage for your deceiving
'Cause I know, yes, I know it's written on your soul
I know, we all make mistakes

This is not a case of blurred vision
It's a case of black holes, pocket holes, soul holes

Did I hear you say

My country right or wrong
My country, oh so strong
My country right or wrong

My country right or wrong
My country's going wrong

My country right or wrong

My country

My country

My country
