There is enough
There is enough for everyone
There is enough, mmm

(There is enough)
In Redfern as there is in Alice
(There is enough)
This is not the Buckingham Palace
(There is enough)

This is the crown land
This is the brown land
This is not our land

Some folks live in water tanks
Some folks live in red brick flats

(There is enough)
Law is carved in granite
(There is enough)
It's been shaped by wind and rain
(There is enough)

White law could be wrong
(There is enough)
Black law must be strong

Warakurna, cars will roll
Don't drink by the water hole
Court fines on the shop front wall
Beat the grog and save your soul

Some people laugh, some never learn
This land must change or land must burn
Some people sleep, some people yearn
This land must change or land must burn

Diesel and dust is what we breathe
This land don't change and we don't leave

Some people live, some never die
This land don't change, this land must lie

Some people leave, always return
This land must change or land must burn

Warakurna, camels roam
Fires are warm and dogs are cold
Not since Lassiter was here
Black man's got a lot to fear

Some people laugh, some never learn
This land must change or land must burn
Some people leave, always return
This land must change or land must burn
This land must change or land must burn

This land must change or land must burn
