Well she struck like lightning
Sent the blood rushing to my head
And she was so exciting
I took a walk I didn't have to be led

* and I had my highlights, I had it all
I thought that life was my crystal ball
Now there's a highway running
She drove a truck right through my life

** I jumped in to the burnin fire
Led by lust and my desire
I jumped in to the burnin fire
Led by lust my desire

Well I was born a preacher
Fire and brimstone Im a baptist man
She was gods own creature
What she didn't know you wouldn't understand now

* repeat
** repeat

[instrumental]

Well she skipped across the floor
And she looked so fine
With her hair flowing back
I thought she was mine
I dreamed on in my own head
Now lord I wish I was dead

** repeat
** repeat

I jumped in, I jumped in
To the burnin fire
And you don't win
I jumped in, I jumped in
To the burnin fire
And you don't win

** repeat and fade out
