I don  
I don  
And I  
I

Think? Well I don  
My time has come

A whole new life is waiting in the world outside  
Turned my heart to stone well I

I won  
I won  
I won  
And I

Think? Well I don  
My time has come

A whole new life is waiting in the world outside  
Turned my heart to stone, well I  
Stopping my slow falling down, as I bleed I make no  
sound  
I am here, I stand my ground, while you

It takes time  
It

A whole new life is waiting in the world outside  
Looking for my soul, well I  
Stopping my slow falling down, as I bleed I make no  
sound  
I am here, I stand my ground, while you

Looking for my soul, well I am willing to be sacrificed  
I am here, I stand my ground, while you

I
