This is my ego  
Breaking your boring, fucking convention  
This is my superstar  
Waiting for something, something special  
This is my actress  
Beautiful blonde girl  
Blue eyes and a short life  
This is my window  
Timeless flowers  
And sweet smelling too

This is my jealousy  
Scratching your skin with uncountable fingers  
This is my innocence  
I have nothing to blame myself for

This is my life, can  
Unless those people make you blind  
This is my hate, can  
You should stay with your eyes open wide

This is my great hall  
Full of seats, but no guests  
This is my big big world  
But I

This is my jealousy  
Scratching your skin with uncountable fingers  
This is my TV show  
Brothers, sisters, parents and tears  
This is my dear best friend  
He calls me he asks me but I don  
This is my innocence  
I have nothing to blame myself for

All this time I  
You dreamed my dreams  
And I dream our life  
And I saw this in you  
My stereotype, my stereotype

This is my jealousy

Scratching your skin with uncountable fingers  
This is my TV show  
Brothers, sisters, parents and tears  
This is my dear best friend  
He calls me he asks me but I don  
This is my innocence  
I have nothing to blame myself for
