It  
To find a face behind  
Dressing up my life  
I  
There  
Nothing left to tell you about me  
And my sad story

All of my life I  
All of my lies have been taken as natural

I think when I was a child  
My father always told me  
When I was a little child  
Playing with my life  
Knowing that my friends where different from me  
And my sad truth

All of my life I  
All of my lies have been taken as natural  
All of my life I  
All of my cries have been wasted for something wrong

Watching through my window  
I see the life outside  
Standing as the wind blows  
I think about me

All of my lies have been taken as natural  
All of my life I  
All of my cries have been wasted for something wrong
