You have to face this now  
Will you choose to let it out and show me what you  
are

You always turn things down  
And always try to explain your truth with a single  
line

This time I know the things you're going to miss me  
for  
This time I'll leave you there

You have two faces now  
Will you choose a better one to show me what you are  
I'm always trying so hard  
And as always, i have to find another way to stay  
fine

This time I know the things you're going to miss me  
for  
This time I'll leave you there

Turn it up, and I'll hear your voice  
Turn it up, and I'll be your choice  
Turn it up, and I'll hear your voice  
You'll say the word and I'll slip away?

If I can tell (the) truth from (the) lies  
The answer's in your eyes  
I can't wrap myself  
In your nothingness? I'll slip away, slip away, slip  
away?

I'll slip away!!

This time I know the things you're going to miss me  
for  
This time I'll leave you there

Turn it up, and I'll hear your voice

Turn it up, and I'll be your choice  
Turn it up, and I'll hear your voice  
You'll say the word and I'll slip away..  
Turn it up, and I'll hear your voice  
Turn it up, and I'll be your choice  
Turn it up, and I'll hear your voice  
You'll say the word and I'll slip away!  
And I'll slip away!...
