Come over, it
You found the right design
Conflictually heartbroken
So sweetly hypocrite

Days are lost in pain
And I wonder how to tell you that I
There was a fragile link
That you wanted to tear apart
Inside your head

You crossed the line into the fire
You compromised your precious game
Hear the voices, hear this crying
They
With burning tears filling your eyes
And freezing silence in your mind
You chose to leave with no goodbyes
I wasn't

Days still lost in pain
And I wonder how could you tell us that you were sorry
You broke the fragile link
Now I know you
Here in my hands

You crossed the line into the fire
You compromised your precious game
Hear the voices, hear this crying
They
With burning tears filling your eyes
And freezing silence in your mind
You chose to leave with no goodbyes
I can

Where
Where

You crossed the line into the fire
You compromised your precious game
Hear the voices, hear this crying
They

With burning tears filling your eyes
And freezing silence in your mind
You chose to leave with no goodbyes
I can
Why
