[Pimp C]

I gotta come down, I got a bangin trunk  
So when I come through you feel the slab just bump  
Them niggas sipin syrup and them bitches on that gin  
Man hit that sweet one time for Smoke-D locked down  
in that pen  
I'm blowin out the window, you know I'm rollin glass  
I'm bumpin that Screw, that t-a-t, that boy actin a ass  
Cause down in Texas nigga, we got our own stores  
We got the baddest bitches and we roll the freshest  
cars  
I flip to New Orleans by you clask I'm on the scene  
Got dress improvement steam I step out that bitch so  
clean  
I poured out some liquor on the street for that fool  
Todd  
He was a trill ass nigga never came at me prod  
Man I was talkin to Playa G just the other night  
He told me about this nigga that was talkin about me  
shife  
Fool nigga this UGK Bun and C we run the streets  
And tell your bitch ass brother he can't fuck with my  
beats  
So if you wanna be bangin nigga the good shit don't  
come cheap  
I'm talkin 7000 over 3 knock off a G  
Cause fool this ain't no game nigga all about my  
change  
I'm comin baby Fleetwood swangin on them thangs

[Chorus x4]

I gotta come down  
I gotta stay real  
I gotta break them boys off bumper and grill

[Bun B]

Now tell me what it's all about in the south  
Big gold grill in you mouth  
Much leather inside yo car, on yo back, in yo house  
Sit in a nigga's ride the seats feel like a couch  
Big keys in my pouch  
Bitch if it hurt say ouch

Now if I look like a south don't try to cap  
You know a nigga like me be ridin dirty with big dope  
up in his lap  
Oh, but when I'm shinin bitch I'm blazin  
Hoes shrivin up like raisins talkin bout it so amazin  
How big Bun be rollin through Texas with sexy hoes  
keepin they wig done  
Bustas bite the big one  
From dis to dip this swisher houses  
Let's flip from that maker maker to that after hours on  
Scott  
They always drinkin trip mixed with crush 75 or 4  
Make a nigga wanna fuss, but I can't  
Cause I need the rush of codeine so I can lean  
I prop a pill  
Cause I'm trill to the bone  
Crushin with that crome

[Chorus]

[N.O. Joe]

What's up bruh this N.O. Joe representin gumbo  
Funk in you trunk that got yo ears wide open like you  
dumb ho  
I'm livin larger than most a coast to coast slipper  
That ice-bowl sipper that's never known to be a set  
tripper  
Too many diamonds for you to try to look at directly  
Haters don't check me they respect me  
A pistol packin, no shank, shiny grill, full tank  
Checkin out these bustas thinkin they real when they  
ain't  
Y'all call me mister foreign  
I'm comin down at navy porscha  
Either way I'ma be a highway scorcher, blunt torcher  
I'm catchin out doin 120 on the tallway the whole way  
Turnin the corners that I once hung out  
I got the boppers strung out  
Walkin around with they tounge out  
Naw, I stay behind the wheel grinnin  
Burnin 500 dollar rubber, 5000 dollar rim spinnin

[Chorus x7]
