Take it off  
Baby take it all off

Uhh, take it off chick, bend over, let me see it  
If you lookin for a trill-type figure, let me be it  
Got the V-12 Benz, parked outside  
It ain't enough room to fit dem gulls in my ride  
It's on a, work somethin, twerk somethin basis  
Makin big change, dancin in them tricks faces  
She sleep in the day, but bump some booty at night  
You kiss that thang and I'm out, cause she been playin  
with my pipe  
Now get your mind right, hater, you a simp (a simp)  
And I'm a red hot undercover pimmmmp (pimmmmp)  
That make them gulls get down on the flo', on the flo'  
Like a real live money makin pro, uhh

You gotta take it off, take it off, UNH  
And let a first class nigga break you off, chick  
You gotta take it off, take it off, UNH  
And let a first class nigga break you off some, chick

Unh  
It was a Secret that Victoria tried to hide  
A little sly delight, I done pushed my pride aside  
Just to slide inside, man I done died tonight  
Now what I'm 'sposed to do? Been got close to you  
Lookin like a poster to, don't wanna boast but you  
Missus  
Do a Dr. Feel good, lay a playa real good  
Limpin came back, and it was still good, she will  
Put a few tips in her mouth, that's that definition  
Of them true chicks in the South, let me do my thang  
On the cool quick to the crotch, get the beds but guess  
what?  
We kickin them hot, shakin it soft, should a been here  
She did eight and the law, but you was late and you lost  
Man she was takin it off

You gotta take it off, take it off, UNH  
And let a first class nigga break you off, chick  
You gotta take it off, take it off, UNH

And let a first class nigga break you off some, chick

I'm sitting, touchin' with my diamonds on, and man I  
Miss that boy Pac, sippin' liquor tryin' to grip the  
chrome

I keep a chip off in my cell phone, they used to call me  
Pimp C

But now the chicks they call me James Jones  
And if I skip I'm back to D-slangin, keep them boys nod-  
headed

Keep the boppers with they butts swangin

I used to be the young playa holdin

Now I leave them gulls with they jellyroll swollen, I'm  
rollin

You gotta take it off, take it off, UNH

And let a first class nigga break you off, chick

You gotta take it off, take it off, UNH

And let a first class nigga break you off some, chick

Comin direct from the Gentlemen's, full of that flint  
again

Live on stage fellas, this is Cinnamon

Fine, Black and feminine, I'm fin to win, look at the sin  
I'm in

Full of hallucinogens, me her and her friends

Now the venom in my snake, wanna poison

Come in with a brother and the boys and

Make sure you don't forget to bring the toys and

We stuck it check it, we gots to keep em gettin bucked  
naked

Makin it soft, we keep these boppers takin it off

You gotta take it off, take it off, UNH

And let a first class nigga break you off, chick

You gotta take it off, take it off, UNH

And let a first class nigga break you off some, chick

You gotta take it off, take it off, UNH

And let a first class nigga break you off, chick

You gotta take it off, take it off, UNH

And let a first class nigga break you off some, chick

Hold up
