

Ultima Thule "The King Is Dead"

Visit "[The King Is Dead](#)" on [MotoLyrics.com](https://www.motolyrics.com)

Running through the ages
Into a time which now is the past
Beheld to forces fighting (?)
This day would be his last

Through walls of fire walking
A king amongst his men
Through walls of fire walking
This journey had no end

The skies are ripped asunder
By the gunfire from below
A visit to the frontline
For the king a place to go

November night is calling
In the wind is word of death
A bullet out of nowhere
Silent was he dying red
