Keep y'all pumping, keep y'all pumping
Keep y'all pumping, keep y'all pumping
Keep y'all pumping, keep y'all pumping
Keep y'all pumping, keep y'all pumping
Coz we got to...

Gotta keep on, move (it's so hot)
Gotta keep on, move (take me to the top)
Gotta keep on, move (it's so hot)
Gotta keep on
Gotta keep on pumping it up

Gotta keep on pumping it up coz I love it
(It's so hot)
Gotta keep on pumping it up coz I love it
(Take me to the top)
Gotta keep on pumping it up coz I love it
(Take me to the top)
Gotta keep on
Gotta keep on pumping it up, move

Hyper, back to get wild
On the strength hip house style
And I can do this, I'm getting bigger
I throw bass and you fetch like trigger
Laid back like Spuds McKenzie
And I'm doggin' it sort of like Benji
Push the temp, but don't hurry it
Treat the bass like a bone and just bury it
You're being rocked by the man
Dug LayZee
Getting hype and girls going crazy
I stay cool with no ego tripping
The LA Zee Y won't be slipping
Coz I feel I should you know
And if you're ready to shake that, let's go
Pump the rhythm that I can rhyme to
(Feet don't fail me now) Coz we got to

Gotta keep on pumping it up coz I love it
(It's so hot)
Gotta keep on pumping it up coz I love it

(Take me to the top)
Gotta keep on pumping it up coz I love it
(Take me to the top)
Gotta keep on
Gotta keep on pumping it up, move

Technically speaking, for example
I took a bunch of funky samples
Combined with a house kick
Then I look up my sleeve
For one more trick
Hip Hop is the element missing
I throw it in and then start dissing
LayZee on the strength because
I got you shaking like jello dust
So stroke like you're in the ocean
Here's the potion for that motion
Tempo's moving at a swifter rate
I headed the game so checkmate
The LA Zee Y serving like a waiter
You can't deal with that? Later
Pump the rhythm that I can rhyme to
(Feet don't fail me now) Coz we got to

Gotta keep on pumping it up coz I love it
(It's so hot)
Gotta keep on pumping it up coz I love it
(Take me to the top)
Gotta keep on pumping it up coz I love it
(It's so hot)
Gotta keep on
Gotta keep on pumping it up, move

The B A double S sounds best
When Dug LayZee takes this test
And I pass, grab the mic and take charge
Forget the small I'm living large and I'm hyper
Well that's how I'm getting
I stay humble and you start kicking
Steps, to the lyrics LayZee wrote
Note by note I begin to flow
Like Flo-Jo, getting busy with the track
Let it roll and I can't hold back
Yeah boy, and it's fit and right
Bruce Lee, is what it's kicking like
So get with this groove or walk
LayZee style is paused in talk
Pump-pump-pump-pump pump the rhythm
(Feet don't fail me now) Coz we got to

(Chorus to end)
