I just woke up, full of worries
Morning is still sleeping
And maybe I'm st I'll dreaming

All I know is that I have to leave
All I know is that I have to leave

I am driving under the rain
Looking for a place to stay
Maybe I'm just escaping

All I know is that I have to leave
All I know is that I have to leave

I don't know what I am running from
I don't know what I'm fearing
I don't know what I am looking for

All I know is that I have to leave
All I know is that I have to leave

But don't worry baby,
Cause I won't leave you
No, please, don't cry,
I'm not leaving you... Yeah

Whenever you need me
Whenever you want me
I will be there for you (I will be there for you)
I will be there for you (I will be there for you)

Bipolar Disorder

I am laughing, everything is so funny
I am smiling, everyone is so lovely

I know you're there, stay with me
I know you're there, just look at me

Now I'm crying, everything is so ugly
And I'm afraid now, everyone is so mean
I forgot you and I'm alone now

I forgot you and I'm ashamed now

The light comes back, I can see you clearly now,
The ugliness went away, beauty finally won
I need you here, grab my hand
I need you here, just follow me
Follow me
Follow me
