All my life I've been caged in
Kept away from the storm
Silver spoons and crimson moons
Are all I have here to show

But breezing, through my Spanish springtime, the keys
to freedom, they fall to me, they're making me believe

That if we run
Mama wouldn't let us fall
And if we go
Won't you take me down the river lay me on your shore,
tell me dreams my love, oh

Ninety days I have left here
In, grass that's greener than gold
Fly with me in my reverie
You're all I have here to hold

And breezing, through my Spanish springtime, the
keys to freedom, they set me free, they're making me
believe

That if we run
Mama wouldn't let us fall
And if we go
Won't you take me down the river lay me on your shore,
tell me dreams my love, oh

And I can see the world, from a view that never stops
And if we hold hands we can do this, be a dream that
life forgot
This is a place that never sleeps, where your dreams
are brought to life!
So just come with me, come with me, come!
Take a leap of faith tonight!

Close your eyes, don't look down, don't let go...

And if we run
Mama wouldn't let us fall
And if we go

Won't you take me down the river lay me on your shore,
We've made it to the finish, we're making it all on our
own,
We're all on our own
