Getting up is easy, when you're first to get the
message, that it's time to put your money where your
mouth is today
But if your friends are all asleep and you've got pillows
on your feet, then your objectives will be lost, you will
float on away

When the cavalry comes, you'll find us lookin for a
reason, to break down these walls and jump
When the cavalry comes, you'll find us lookin for a
reason, to show you the brave don't run, don't run

A proper cup of coffee, from a proper coffee shop, was
all I needed to get a little purpose in life
Well the reasons are clear, my bearings aren't there,
my compass points me in the wrong direction all night

But when the cavalry comes, you'll find us lookin for a
reason, to break down these walls and jump
When the cavalry comes, you'll find us lookin for a
reason, to show you the brave don't run, don't run

They said, I bet, you'll never make it on your own
They said, I bet, you'll never learn this, no no no no!
They said, I bet, you'll never get this, no no no no!
No no no no, no no no no, no no...

But when the cavalry comes, you'll find us lookin for a
reason, to break down these walls and jump
When the cavalry comes, you'll find us lookin for a
reason, to show you the brave don't run

(Layered)

When the cavalry comes, you'll find us looking for love
On every street-corner and circus in the city tonight

When the cavalry comes, you'll find us looking for
trouble
With the jocks and the disciples of the new modern
light..
