[Verse 1]

I can't find what I need  
In this stale-stricken sea town  
I feel, I feel, I feel  
Like a stranger to love  
I see, I see, I see  
You on the TV, I'm dreaming  
And finding what I need  
The arms of a French girl

[Chorus]

I take a train through the night just to smell you on me  
And the voice of an angel will settle this mind  
Find me a French girl  
Find me a French girl

[Verse 2]

I know, I know I know  
Your eyes are researching  
For what I cannot see  
But I hope I can shine  
I know I'm far away  
I'll watch and I'll get there  
And one day I will find  
The arms of a French girl

[Chorus]

I take a train through the night just to smell you on me  
And the voice of an angel will settle this mind  
Find me a French girl  
Gotta find me a French girl  
Find me  
Find-

Find me  
Find me  
Find me  
Find me
