

Midnight Youth "Golden Love"

Visit "[Golden Love](#)" on MotoLyrics.com

We rest as one soul
Just one last night here
Remembering what we gave up
This golden love

Our path have crossed
But it's the last time I'll have you
When we're old, we'll look on
This golden love

Oh, we were destined
Oh, underdone
Oh, meet me Thursday
For golden love

I'll give if you give
Don't forget, this is it
One chance to do us justice
This golden love

Oh, we were destined
Oh, underdone
Oh, meet me Thursday
For golden love

Oh, we were destined
Oh, underdone
Oh, meet me Thursday
For golden love
For golden love
For golden love
