[Verse 1]

One last look before I go
I'll never understand it
But I know we can be strong
Falling like an autumn leaf
I'm falling from the tallest tree
Into a time I don't belong

Mark my words that I'll move on
And I will stay strong

[Chorus]

I let my lover walk
Into the coming dark
I rest my hope in the daylight
And if the sun should rise
Would you believe that when all is said and done
We'd be lost if we should face it all alone

[Verse 2]

One last touch before I go
One month and I will feel it more
One moment keeps the powder dry
Feeling like a done-for child
Through it all I somehow smile
One moment keeps the flame alive

Mark my words that I'll move on
And I will stay strong
Mark my words that I'll move on
And I will stay strong

[Chorus]

I let my lover walk
Into the coming dark
I rest my hope in the daylight
And if the sun should rise
Would you believe that when all is said and done
We'd be lost if we should face it all alone

[Breakdown]

We'd be lost though
We'd be gone too
We'd be lost though
We'd be gonna lose
We'd be lost, we'd be gone
We'd be fear, never one
We'd be lost, we'd be wrong
We'd begin, we'd be good
We'd be safe and we'd be us
We'd be sitting down and see that it's gone, oh

[Verse 3]

One last look before I go
I'll never understand it
But I know we can be strong
Falling like an autumn leaf
You're falling from the tallest tree
Into my arms where you belong

Mark my words that I'll move on
And I will stay strong
Mark my words that I'll move on
And I will stay strong
