Morning comes  
I'm lying with my friends  
With every smile  
We're trying to pretend  
We'll never part  
Or go our separate ways  
But time says that we'll just be fine

We grew so fast  
We're trekking 'cross the world  
We don't look back  
Except maybe for that girl  
But one day we will see  
The forest for the trees  
And time says that we'll just be fine

[Chorus]  
So please start saving  
We got one last moment  
To play our dreams out all alone, yeah  
Whoa, oh, oh  
We can't stop smoothly  
And we'll sail completely  
Where no one daring  
To face a sad, sad state of the world  
That I know is coming to stay  
I'm gonna leave it now

Yeah, oh  
Yeah, oh

[Chorus]  
So please start saving  
We got one last moment  
To play our dreams out all alone, yeah  
Whoa, oh, oh  
The sky is falling  
My head's exploring  
December sunshine on the water  
Whoa, oh, oh  
We can't stop smoothly

And we'll sail completely  
Where no one daring  
To face a sad, sad state of the world  
That I know is coming to stay  
Well, it's a sad, sad state of the world  
I'm gonna leave it now
