Moving forward but never letting go
The sweetest torture, for a crime so low
This is not how I held you
This is not how I kissed you
No it's not, no it's not, no it's not....

Never leave me, keep me by your side
As soon as your gone now, walk away from the light
To a tryst in the dark, with a passion, steal my
innocence away
And I'll never believe what you tell me
From now on it's just that way
Cos that's not how I kissed you
Not that's not how I held you
No it's not, no it's not, no your not...

Coming home
Night after night you'll be, alone
Night after night you'll be, alone
Alone, Alone

Come home, it's the same line every time
Come home, it's the same line you told me last time
But I'm alone, alone, alone
