"Wake Up"

Wake up darling
look in my empty eyes
See the fright in my soul
I watched you cloesly in your sleep
So quiet, so peaceful
I cried for you and ate my skin

Wake up tonight (why do you kill me softly, I feel
loosing you)

A nightmare pains me
see my smile, it comes deep within
Its for you
wake up make love with me

I want to squander myself on you
I wanna kill myself for you

Wake up tonight

Wake up, my scream shall make your hands hot
wake up
Wanna look in your eyes, move your body
speak with me
Touch me, touch my hand
look into my empty eyes
Wake up darling
ride through the night with me

Wake up tonight
