So below as above  
Infinite vacuum  
Multitudinous stars  
Flicker cold light  
Beyond them  
What horrors may exist?

Vast waters  
Below the surface  
What horrors lie in wait?  
They are yet to be perceived  
Mirror image of oneself  
Repetition  
Repetition  
Without an end in sight

The same old horrors...  
What is this  
The same old surroundings  
The same old disgust  
Among masters of void I am  
Kingdom of emptiness  
So in between as above

Fear of the void  
Fear of the void above  
Fear of the void  
Fear of the void within
