Im in a city
Where the people help each other to their beds.
Say what you want.
Say what you want.
Complete the picture
With a girl who only listens to the dead.
Say what you want.
Say what you want.
And did I choose to be
The one who is left?
Or is this something sinister?
Or is this proof against my ignorance?
Or am I meant to waste away?
Complete the picture
With a girl who only listens to the dead.
Prays to them please.
Say what you want.
Say what you want. (Say what you want.)
Deliverance can wait.
Say what you want. (Say what you want.)
And how I should behave,
Just call.
Trapped in a building
With the ghosts of all the people Ive betrayed.
Say what you want.
Say what you want.
And there's no reason
To step out into a nation that wont see me.
Say what you want.
Say what you want.
And is this proof against my ignorance?
Or am I meant to waste away?
And did I choose to be
The one who is left?
Or is this something sinister?
Say what you want. (8x)
