

Unbelievable Truth "Landslide"

We're caught in a landslide, no one else is there,
I tried to be true, but I don't have the strength.
Listening all alone in your room was your finest hour,
Being overlooked by the ones who can only follow little
men.
We're caught in a landslide,
We're caught in a net,
And I'm caught in the middle leaving you miles ahead.
How can you come this far and never wish them dead?
I try to be true, but I don't have the strength.
We're caught in a landslide,
We're caught in a net,
And I'm caught in the middle leaving you miles ahead.
Listening alone in your room was your darkest hour,
Being clothed and fed by the ones who could only
follow little men.
Caught in a landslide.
Caught in a net.
Caught in a landslide.
Caught in a net.
Caught in a landslide.
Caught in a net.
I must try harder.
