Here's to the good life or so they say
All those parties and games that all those people play
They tell me this is the place to be
All these beautiful people and nothin' to see

Sometimes I feel like something is gone here
Something is wrong here, I don't belong here
Sometimes I feel like a stranger in town
And I've lost what I found, it'll all turn around

In a little while I'll be thinkin' about you
In a little while I'll still be here without you
You never gave me a reason to doubt you
In a little while I'll be thinkin' about you baby
I'll be thinkin' about you baby

On the other side of a coin there's a face
There's a memory somewhere that I can't erase
And there's a place that I find someday
But sometimes I feel like it's slippin' away

Sometimes, I feel like something is gone here
Something is wrong here, I don't belong here
Sometimes I feel like a stranger in town
And I've lost what I found, it'll all turn around

In a little while I'll be thinkin' about you
In a little while I'll still be here without you
You never gave me a reason to doubt you
In a little while I'll be thinkin' about you baby
I'll be thinkin' about you baby

Some things are lost some left behind
Some things are better left for someone else to find
Maybe in time I can finally see
I just wonder, wonder if you think about me

Sometimes, I feel like something is gone here
Something is wrong here, I don't belong here
Sometimes I feel like a stranger in town
And I've lost what I found, it'll all turn around

In a little while I'll be thinkin' about you
In a little while I'll still be here without you
You never gave me a reason to doubt you
In a little while I'll be thinkin' about you baby
I'll be thinkin' about you baby
