Bop Bop  
Shoobie-do wop  
Bop Bop  
Shoobie-do wop

Cigarettes and palm tree juice  
In the middle of some place nice  
Pop-up video greatest hits  
Sippin' Miami Vice

A sunny day on MLK  
In a Cadillac Coup Deville  
You might not get down like that  
But I know your sister will

She's talkin down 'n dirty  
She's got an ass like Fergie  
I know she's gonna hurt me  
I do, I do

I celebrate when I'm up  
I celebrate when I'm down  
not a care in this world  
I'm celebratin' right now

No! got nothin' to lose  
I don't need no excuse  
So anyway anyhow  
I'm celebratin' right now

Bop Bop  
Shoobie-do wop  
Bop Bop  
Shoobie-do wop

Tank top on a trampoline  
Puts a tattoo on my heart  
No stars in the limousine  
Got 'em dancin' on the bar

Everywhere I go and show

An' they pat me on my back  
Look me in the eye and say  
Yo all your works kick like that

Don't stop like prohibition  
My key's in your ignition  
Don't mind my disposition  
No, I, oh I

I celebrate when I'm up  
I celebrate when I'm down  
Not a care in the world  
I'm celebratin' right now

No I got nothin' to lose  
I don't need no excuse  
So anyway anyhow  
I'm celebratin' right now

Heyya

oh AhhAhhh  
Yeahhh

She's talkin down 'n dirty  
She's got an ass like Fergie  
I know she's gonna hurt me  
I do, I do

I celebrate when I'm up  
I celebrate when I'm down  
Not a care in this world  
I'm celebratin' right now

No I got nothin' to lose  
I don't need no excuse  
So anyway anyhow  
I'm celebratin' right now

I celebrate when I'm up  
I celebrate when I'm down  
Not a care in this world  
I'm celebratin' right now

No I got nothin' to lose  
I don't need no excuse  
So anyway anyhow  
I'm celebratin' right now
