Day after day I've learned to live through
all those times i took a nasty poo
You know, that's a smell that i have to lose
I'm feelin' the strain, and it's a pain

CHORUS:

give me the TP and shut the door
Id like to take a shit in your toilet bowl and flush it away
give me the TP and shut the door
Id like to take a shit in your toilet bowl and flush it away

Won't you flush it away

Beginin' to think, that I'm wastin' time
And I don't understand the things I do
The world outside looks so unkind
I'm countin' on you, you can carry me through

CHORUS

And when my mind is free
You know your melody can move me
And when I'm feelin' blue
The guitars come through to soothe me

Thanks for the joy you've given me
I want you to know I believe in your song
And rhythm, and rhyme, and harmony
You helped me along, you're makin' me strong
