The freaks come out at night  
The freaks come out at night  
The freaks come out at night  
(The freaks come out)  
The freaks come out at night

Discos don't open till after dark  
And it ain't till twelve till the party really starts  
And I always had to be home by ten  
Right before the fun was about to begin

Crowds of people lined up inside and out  
Just one reason to rock the house  
But in the day time the streets was clear  
You couldn't find a good freak anywhere 'cause

The freaks come out at night  
The freaks come out at night  
The freaks come out at night  
(The freaks come out)  
The freaks come out at night

Now when freaks get dressed to go out at night  
They like to wear leather jackets, chains and spikes  
They wear rips and zippers all in their shirts  
Real tight pants and fresh mini skirts

All kinds of colors runnin' through their hair  
And you could just about find a freak anywhere  
But then again, you could know someone all their life  
But might not know they're a freak unless you see them  
at night 'cause

The freaks come out at night  
The freaks come out at night  
The freaks come out at night  
(The freaks come out)  
The freaks come out at night

Now the party's jumpin', the place is packed  
And when the crowd's like this, I'm ready to rap  
But before I could bust a rhyme on the mic

Freaks are all over me like white on rice

Freaks come in all shapes, sizes and colors  
But what I like about 'em most is that they're real good  
lovers  
They do it in the park, they do it in the dark  
But most freaks are known for breakin' hearts

You could never tell what a freak was thinkin' of  
And you may never catch a freak without at least one  
glove  
And they don't walk, when they step, they strut  
And nine times out of ten they drive you nuts

But take my advice, you don't stand a chance  
Freaks are so bad, they got their own dance  
So if you wanna live a nice quiet life  
Do yourself a favor, don't come out at night 'cause

The freaks come out at night  
The freaks come out at night  
The freaks come out at night  
(The freaks come out)  
The freaks come out at night

Hut one, hut two  
Hut, hut, hut

The freaks come out at night  
The freaks come out at night  
The freaks come out at night  
(The freaks come out)  
The freaks come out at night
