{Guess this is where I get off
Yep
Remember everything I told you?
Yep
Got your song book?
Yep
Got them beats I gave you?
Yep
Money?
Yep
Cell phone?
Amm hmm}

{What's wrong?
What if I don't make it?
That's impossible
But what if?
Fuck what and tell if to suck my dick
Ha
I taught you too well for that
Besides the money's already made
And the foundation's already been laid
Now, remember the most important thing I taught you
When it gets crazy out there
With the money, and the girls, and the fame
What's that?
Make sure you pinch it at the top before you roll it down
Got it
Now get out of here}
