I might walk a little funny, but my walk is me
I might stutter when I talk, but I say what I see
I don't agree with every other little thing that's proven
I do a lot of things that I shouldn't be doin'
I'll ruin everything you might have had in mind
I'm a consistent, belligerent, solidified find

Rhinestone freak, Suburban star
I ain't got no money, and I got no car
I might make par if it don't take much
See I don't ride very far, 'cause I ride on luck
I stay pretty stuck in a rut like I should
And I do it for the love of everything that's still good

I don't know why I come here
But I know I'll never leave
It's the only place
I wanna be yea, yea, yea
I don't know why I come here
But I know I'll never leave
It's the only place
I wanna be yea, yea, yea

I'm a long way gone, but I ain't short lived
I got deep deep pockets that leak like a Civ
I give one ten throughout the course of a night
And if I don't go home then I did things right
I'd like to settle down, but I ain't that guy
'Cause everything I ever did I always did on the fly

I like to ride the wave till the tide don't swell
I don't like Cocaine, but I like the smell
I dwell in the place you might see unfit
But there ain't nothin' you can ever say to
Make me give a shit
I stay pretty stuck in a rut like I should
And do it for the love of everything that's still good
I don't know why I come here
But I know I'll never leave
It's the only place
I wanna be yea, yea, yea
I don't know why I come here

But I know I'll never leave
It's the only place
I wanna be yea, yea, yea

I'd like to say that I don't do them bars
But my street called straight don't stretch too far
I'm on the move goin' nowhere fast
And you can tell the whole world they can kiss my ass
I'll take a pass be the last in line
And if it takes ten years then I'm a be just fine

I saw the signs in the grass ain't green
I found love at the bottom of a bottle of bean
See comin' clean just seemed so jaded
And bein' underrated is underrated but I don't hate it
I stay stuck in a rut like I should
You know I do it for the love of everything that's still
good

I don't know why I come here
But I know I'll never leave
It's the only place
I wanna be yea, yea, yea
I don't know why I come here
But I know I'll never leave
It's the only place
I wanna be yea, yea, yea

I don't know why I come here
But I know I'll never leave
I don't know why I come here
But I know I'll never leave
I don't know why I come here
But I know I'll never leave
It's the only place
I wanna be yea, yea, yea
It's the only place
I wanna be yea, yea, yea
