Friday Night
Walking back from the show
You were standing there
Like you have no way to go

You said you liked the game
I said they played like shit but you know
Who really cares anyway
I said we had the time of our day

But you looked kind of pale
And you never made a single thing yeah

So bite me please
I wanna spend my whole days with you
And we will live on of blood

I wanna be like you
... entierly here alone
... hanging out
... ing blood so we don't blown out

Hanging out at the coffee shop the next day
You said something weird
Something about living in hell

That's when I saw your teeth
They were kind of short for a girl
And then I realise
You were a vampire girl

And I could not erase
About the differences between you and me so

So bite me please
I wanna spend my whole days with you
We'll do attacks... bloods
And we will live on of blood

I wanna be like you
To... alone

... hanging out,
Stopping blood so we don't blown out

Let's find out who we are
I kinda feel something good
Something...

Let's find out who we are
Let's find out
