Pretty women out walking with gorillas down my street
From my window Im staring while my coffee grows cold
Look over there, where?
There, there's a lady that I used to know
Shes married now or engaged or something so Im told
Is she really going out with him?
Is she really gonna take him home tonight?
Is she really going out with him?
Cause if my eyes don't deceive me
There's something going wrong around here
Tonights the night when I go to all the parties down my street
I wash my hair and I kid myself I look real smooth
Look over there, where?
There, there come Jeannie with her new boyfriend
They say that looks don't count for much and so there goes your proof
Is she really going out with him?
Is she really gonna take him home tonight?
Is she really going out with him?
Cause if my eyes don't deceive me
There's something going wrong around here, around here
But if looks could kill
There's a man there whos marked down as dead
Cause Ive had my fill
Listen you, take your hand from her hand
I get so mean around this scene, hey, yeah, yeah, yeah
Is she really going out with him?
Is she really gonna take him home tonight?
Is she really going out with him?
Cause if my eyes don't deceive me
There's something going wrong around here
Where? Around here
Somethings gone wrong around here
