Lying face down
Afraid to close my eyes
See your face now
As the light turns out
God knows I try
But I keep setting my self to fail
I changed my mind

(chorus)

So I let go
Of my wanted pride
I know that it's too late
And I break down

All alone now
The candles fading out
Should've known how
To separate my doubt
Awaiting this night

So I let go of my wanted pride
I know that it's too late
And I break down
I couldn't save the one that I always loved
I'm dying each that you're away

You shine your light
But I lost my way
And I can't breathe

All alone now
The candles fading

So I let go
Of my wanted pride
I know it's too late
And I'll break down
I couldn't save the one that I always loved
I'm dying with each day that you're away

Ill let it go
All of my pride
I know it's too late
And I'll break down
Couldn't save the one
The one I always loved
I'm dying with each day
Each day that you're away.
