Keep this
keep this
keep this

quiet now this can't get out
and just for the sake of it we'll burn this house
down
down
burn this house down

i'll douse your body in Kerosine
throw down a match for your company
we'll break the silence with your screams
the fire burning through your dreams

i tried
for four night to be the least
to keep
these monstrosities from me
it's hard
to breathe when i'm drowning
in your
lies they're so compelling

i'll hold my breath untill the smoke is empty
and the fires burn out whats left of me
hid within my coat amongst the ashes
is the blade i used to end this madness

i tried
for four night to be the least
to keep
these monstrosities from me
it's hard
to breathe when i'm drowning
in your
lies they're so compelling

i'll hold my breath untill the smoke is empty
and the fires burn out whats left of me
hid within my coat amongst the ashes
is the blade i used to end this madness

I swear I tried to save you
but there was nothing i could do
you'll find me in the wreckage
my soul was burned to hell with you

i tried
for four night to be the least
to keep
these monstrosities from me
it's hard
to breathe when i'm drowning
in your
lies they're so compelling

o they're so
o they're so
o they're so
