7 days I hold my breath
Reap the skies & all that's left
7days it takes to wash
Away the signs of evidence
To feed me blind & feed me deaf
Awake to find that it is not

A dream- Holding us here
A weak- upon my knees
Carry this out and carry through
All that's left
Of my last breath
This light has no name for me

I told you once, I told you twice
I tore the hate to add the nice
7 days and nothing
Changed as far as I could
Still holding on to misery
I go to sleep to find it's a

A dream- Holding us here
A weak- upon my knees
Carry this out and carry through
All that's left
Of my last breath
This light has no name for me

I see the way it falls on you
I see it ever so clear
And be the star that your wishes came true

See me go
Watch me fall
See me go, watch me fall, supernova
