Can you feel your heart beat racing?  
Can you taste the fear in her sweat?  
You've done this wrong, it's too far gone  
These sheets tell of regret  
I admit that I'm just a fool for you, I'm just a fool for you

Here is where we both go wrong

Tonight's your last chance to do exactly what you want  
to do  
And this could be my night, this is what makes me feel  
alive  
Makes you feel alive

Here is where we both go wrong  
So tie me up and toss this key 'cause for now we're  
living

In this moment that we both ignore the truth  
It's all over, it's all over  
I feel your heart against mine  
So take a breath and close your eyes, eyes

Your lungs have failed and they've both stopped  
breathing  
My heart is dead, it's way past beating  
Something has gone terribly wrong  
I'm scared, you're scared, we're scared of this

I never thought we'd make it out alive  
I never told you but it's all in your goodbyes  
(It's all in your goodbyes)

Well, look who's dying now  
Slit wrists sleeping with the girl next door  
I always knew you were such a sucker for that  
It doesn't matter what you say  
You never mattered anyway, I never mattered anyway

In this moment that we both ignore the truth  
It's all over, it's all over  
I feel your heart against mine

So take a breath and close your eyes, eyes

Your lungs have failed and they're both stopped  
breathing

My heart is dead, it's way past beating

Something has gone terribly wrong

I'm scared, you're scared, we're scared of this

I never thought we'd make it out alive

I never told you but it's all in your goodbyes

(It's all in your goodbyes)

Don't shake, I hate to see you tremble, trembling

You've lost your touch, haven't you?

And I'm so addicted, so addicted

Your lungs have failed and they're both stopped  
breathing

My heart is dead, it's way past beating

Something has gone terribly wrong

Go wrong!

Your lungs have failed and they're both stopped  
breathing

My heart is dead, it's way past beating

Something has gone terribly wrong

I'm scared, you're scared, we're scared of this

I never thought we'd make it out alive

I never told you but it's all in your goodbyes

(It's all in your goodbyes)

I never thought we'd make it out alive

I never thought we'd make it out alive

I never thought we'd make it out alive

It's all in your goodbyes
