Let's do this for each other
Let's do this for truth
I give for you, you give for me
I give for you, you give for me

Let me take you somewhere
Somewhere I cannot explain
Let me take you, wanna take you
Somewhere I cannot explain

I'm stumbling right in front of you now
I won't refrain from guiding you there
Normal is not so, normal is not so far

Was it just a dream
Or something much more?
We are not alone
Since you agreed to follow

It's all in my head
If you want, you can look inside
There's nothing but red
And all the mess I've been

It's all in the way I say
What I don't mean
And mean what I don't
I need to speak of you

What is real, oh
What is real, oh
What is real, oh
What is real, oh

They will never understand
What eats at our insides, oh
They will never understand
What eats at our insides, oh

It's all in my head
If you want, you can look inside
There's nothing but red

And all the mess I've been

It's all in the way I say
What I don't mean
And mean what I don't
I need to speak to you
