Can you feel your heartbeat racing?
Can you taste the fear in her sweat?
We've done this wrong we're too far gone
These sheets tell of regret
I admit that I'm just a fool for you
I'm just a fool for you

Here is where we both go wrong

Tonight's your last chance to do exactly
what you want to
And this could be my night
This is what makes me feel alive
Makes you feel alive

Here is where we both go wrong
So tie me up and toss this key
'Cause for now we're living

In this moment that we both ignore the truth
It's all over!
It's all over!

I feel your heart against mine
So take a breath and close your eyes, eyes

(CHORUS)

Your lungs have failed
and they've both stopped breathing
My heart is dead and it's way past beating
Something has gone terribly wrong

I'm scared, you're scared, we're scared of this
I never thought we'd make it out alive
I never told you but it's all in your goodbyes
It's all in your goodbyes

Well, look who's dying now slit wrists for sleeping
with the girl next door
I always knew you were such a sucker for that
It doesn't matter what you say
You never mattered anyway

I never mattered anyway

In this moment that we both ignore the truth
It's all over
It's all over

I feel your heart rubbing against mine
So take a breath and close your eyes, eyes

(CHORUS)

Don't shake, I hate to see you tremble
tremble like you've lost your touch haven't you?
I'm so addicted
So addicted

(CHORUS)

(CHORUS)
