Tell me again while i fix my hair
Just how important is this
Tell me again while i fix my hair

We'll roll into your town
Greased up and ready to get down
Burn the stage to the fucking ground
Make your girls necks hurt from how fast they turn
Make your girls necks hurt from how fast they turn

Tap your feet and hold her back
Tap your feet and hold her back

Theres no stopping us so just rock to us
I said "Baby, your to sweet for rock and roll"
I said "Baby, your to sweet for rock and roll"
SEX, EDGE, AND ROCK AND ROLL
