So let's not even try you're right let's ball it up and  
Throw it out the window  
It's becoming all so clear in my mind  
I've thought this thing through like once or twice  
I feel that this is my last request to you

Hold your breath  
Bottle it up and save it for the next one  
It's safe to say we've been riding this all night  
None of this will ever change your mind  
It's never safe to rely on borrowed time  
Now we're both undone and it's time to open up  
Your eyes

Consequence, it's our need in times like these  
Feelin' free is our modern disease  
You're a cry for disaster, with a knack for losing  
Your exterior  
I'm so sick  
From staring at the mirror

This all needs a break from you  
And I'm used to this

I fear that I am just an end  
So you'll play the mistaken and I'll play the  
Victim  
In our screenplay of desire and I'm still writing  
The letters I'll never send

Running in circles I can't forget how many times  
I've played this in my mind

Feelin free, Feelin freee

Consequence, it's our need in times like these  
Feelin' free is our modern disease  
You're a cry for disaster, with a knack for losing  
Your exterior  
I'm so sick  
From staring at the mirror

This is my panic, This is my call to arms
